AUTHORIZATION TO CHARGE ADDITIONAL FEES

WARNING: *Accurately count claims, especially multiple dependent claims, to avoid unexpected high charges if extra claims are authorized.*

NOTE: *"A written request may be submitted in an application that is an authorization to treat any concurrent or future reply, requiring a petition for an extension of time under this paragraph for its timely submission, as incorporating a petition for extension of time for the appropriate length of time. An authorization to charge all required fees, fees under Section 1.17, or all required extension of time fees will be treated as a constructive petition for an extension of time in any concurrent or future reply requiring a petition for an extension of time under this paragraph for its timely submission. Submission of the fee set forth in Section 1.17(a) will also be treated as a constructive petition for an extension of time in any concurrent reply requiring a petition for an extension of time under this paragraph for its timely submission." 37 C.F.R. Section 1.136(a)(3).*

NOTE: *"Amounts of twenty-five dollars or less will not be returned unless specifically requested within a reasonable time, nor will the payer be notified of such amounts; amounts over twenty-five dollars may be returned by check or, if requested, by credit to a deposit account." 37 C.F.R. Section 1.26(a).*

☒ The Commissioner is hereby authorized to charge the following additional fees that may be required by this paper and during the entire pendency of this application to Account No. 501-908.

☒ 37 C.F.R. Section 1.492(a)(1), (2), (3), and (4) (filing fees)

WARNING: Because failure to pay the national fee within 30 months without extension (37 C.F.R. Section 1.495(b)(2)) results in abandonment of the application, it would be best to always check the above box.

☒ 37 C.F.R. Section 1.492(b), (c) and (d) (presentation of extra claims)

NOTE: Because additional fees for excess or multiple dependent claims not paid on filing or on later presentation must only be paid or these claims cancelled by amendment prior to the expiration of the time period set for response by the PTO in any notice of fee deficiency (37 C.F.R. Section 1.492(d)), it might be best not to authorize the PTO to charge additional claim fees, except possible when dealing with amendments after final action.

☒ 37 C.F.R. Section 1.17 (application processing fees)
☒ 37 C.F.R. Section 1.17(a)(1)-(5)(extension fees pursuant to Section 1.136(a).
☐ 37 C.F.R. Section 1.18 (issue fee at or before mailing of Notice of Allowance, pursuant to 37 C.F.R. Section 1.311(b))

NOTE: Where an authorization to charge the issue fee to a deposit account has been filed before the mailing of a Notice of Allowance, the issue fee will be automatically charged to the deposit account at the time of mailing the notice of allowance. 37 C.F.R. Section 1.311(b).

NOTE: 37 C.F.R. 1.28(b) requires "Notification of any change in loss of entitlement to small entity status must be filed in the application . . . prior to paying, or at the time of paying . . . issue fee." From the wording of 37 C.F.R. Section 1.28(b): (a) notification of change of status must be made even if the fee is paid as "other than a small entity" and (b) no notification is required if the change is to another small entity.

☐ 37 C.F.R. Section 1.492(e) and (f) (surcharge fees for filing the declaration and/or filing an English translation of an International Application later than 30 months after the priority date).

INFORMAL COMMENTS TO THE WRITTEN OPINION

International Bureau
World Intellectual Property Organization

Dear Sir:

These informal comments are submitted to the International Bureau to
address the Written Opinion of the International Searching Authority in the above identified
application.

INFORMAL COMMENTS

In the opinion of the International Searching Authority the reference (D1) FR 1 109 177A((TECH NOUVELLES SOC D, 23, January 1956) allegedly discloses all the features present in claims 1, 4, 6, 8, 31, 34, 41-44, 48-50, and 55 of the application PCT/US2004/022350. Applicants respectfully disagree with the International Searching Authority that the reference (D1) discloses all the features of the aforementioned claims. The (D1) reference discloses an abrasive powder incorporated into a honeycomb material. By centrifugal force a fluid may be spread through the abrasive containing honeycomb material and permits working (grinding, sanding, polishing) under wet conditions. The abrasive containing honeycomb material is not the porous pad material in embodiments of the present application, and working under wet conditions is not cleaning a substrate or coating a substrate with a fluid using a porous pad material in embodiments of the present application.

In the opinion of the International Searching Authority claims 5, 9-11, 21, 22, 24, 35, 36, 45, 50, 51, 62, 66-68 allegedly do not involve an inventive step in view of the combination of references (D1) and (D2) U.S. 5 247 765 (Quintana, Jesus B; 28, September 1993). Applicants respectfully disagree with the International Searching Authority's combination of these references. The protrusions disclosed in (D2) are non-porous protrusions of an abrasive material like diamond or other superabrasive material incorporated into a solid like bronze. The combination of (D1) and (D2) would not result in a porous pad having protrusions that are porous. One skilled in the art would not have made the embodiments of claims 5, 9-11, 21, 22, 24, 35, 36, 45, 50, 51, 62, 66-68 given the cited references (D1) and (D2) and the knowledge of a person with ordinary skill in the art.

Respectfully Submitted,
